

Notaty نوتاتي

Dump any thought — in English or Arabic.
It figures out what it is and files it.

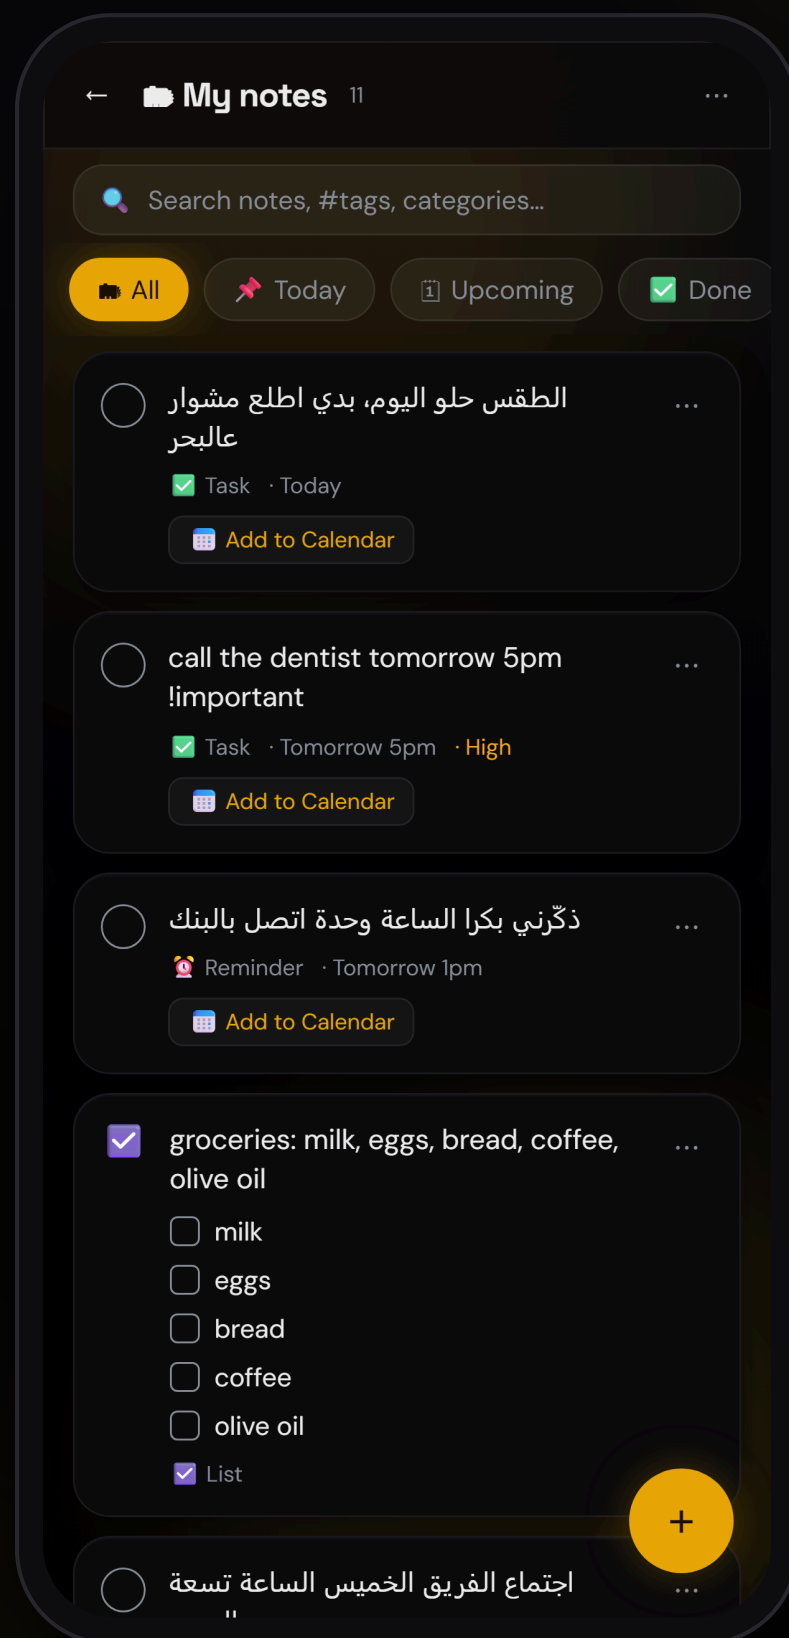

It reads Arabic

Free-form text parsed live into the right type, date & time

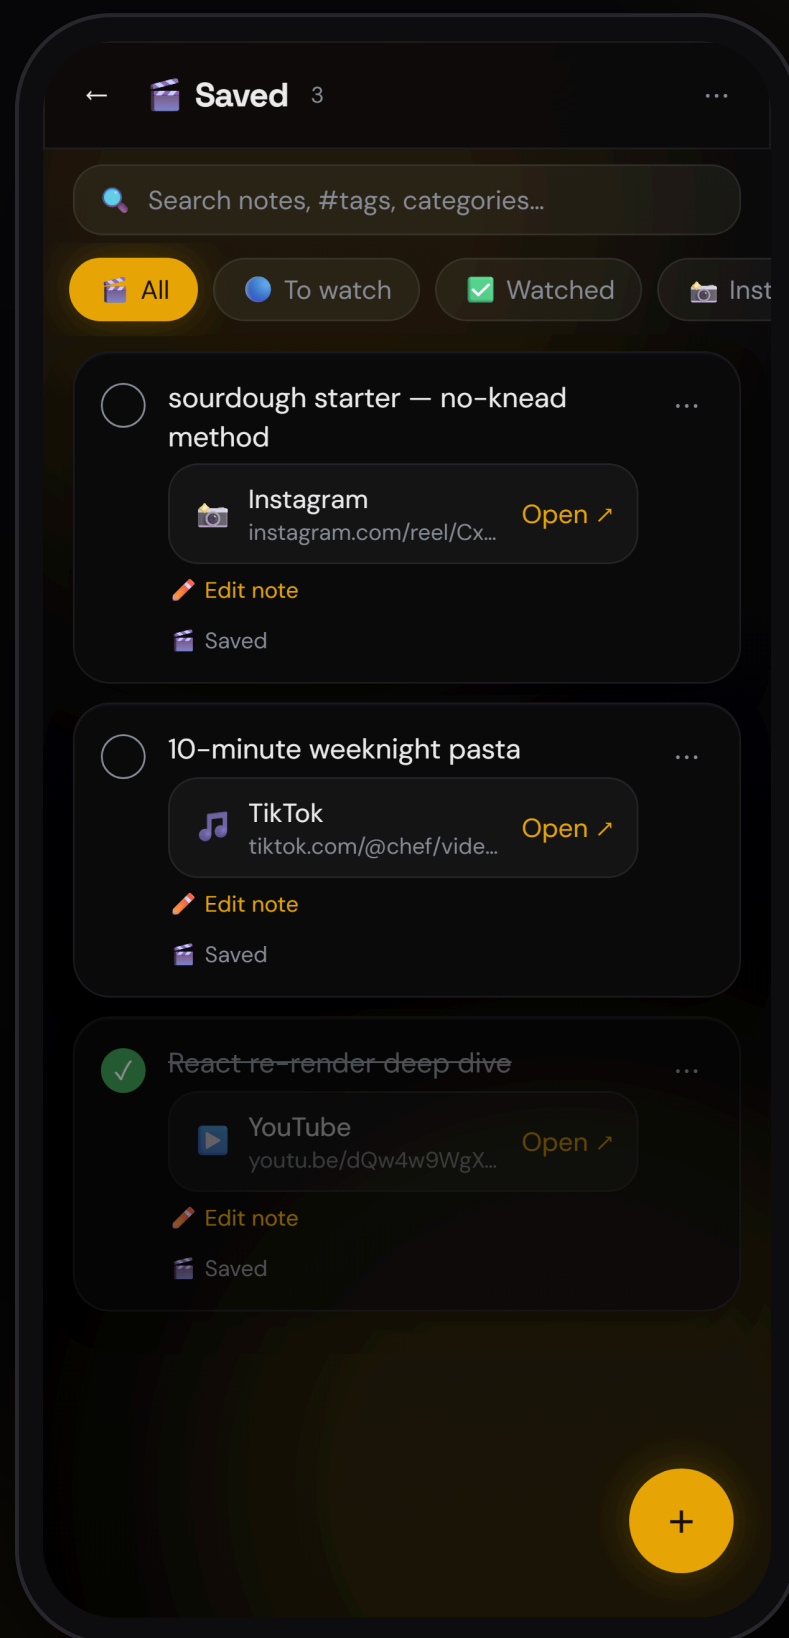

Auto-sorted

Tasks, reminders, events, lists, goals — detected, not tagged by hand

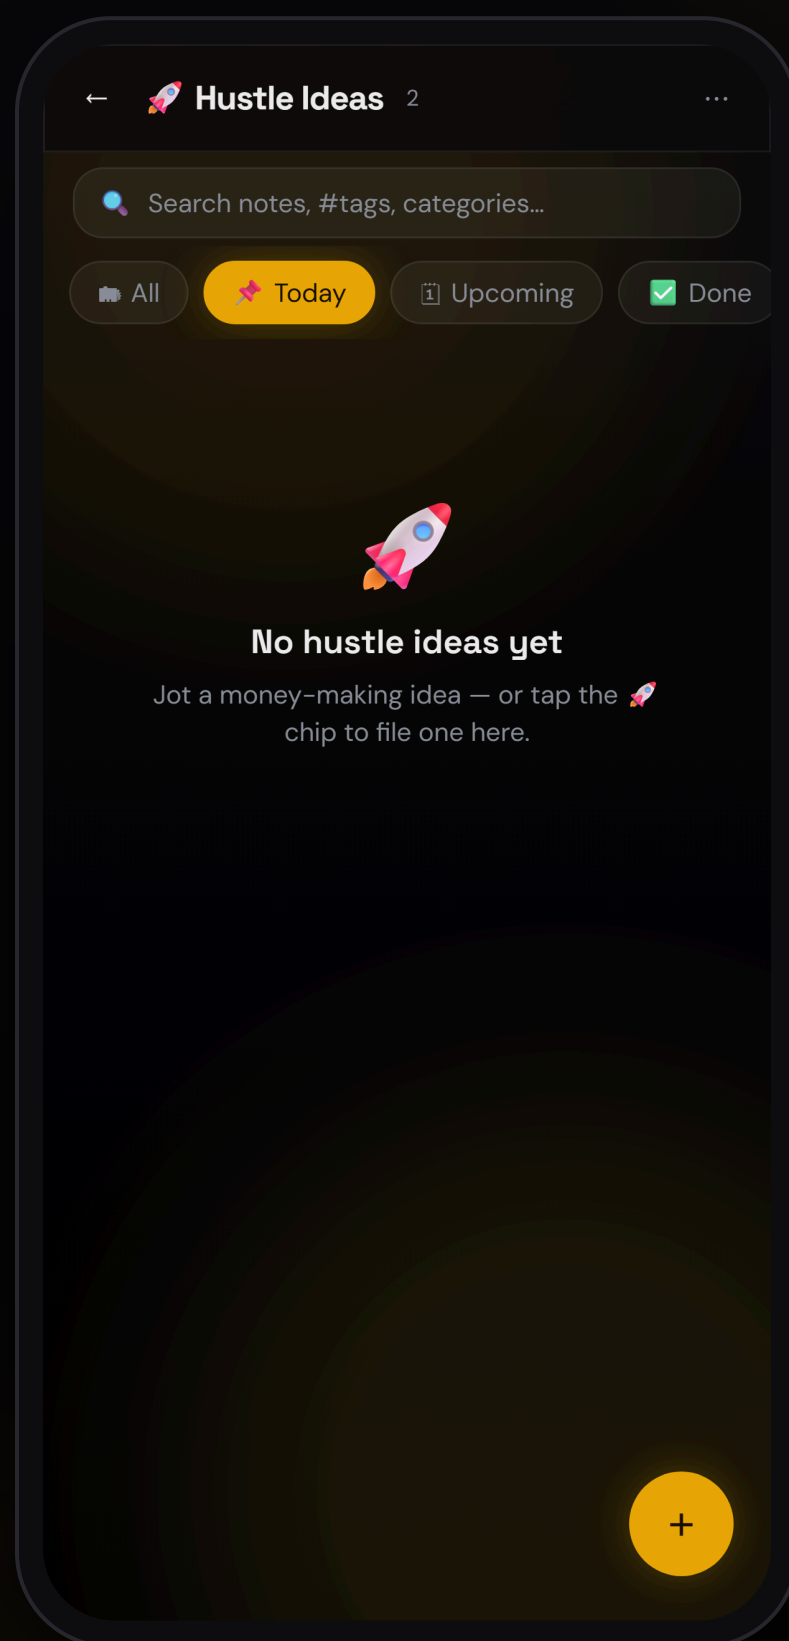

Save reels

Links from Instagram, TikTok & YouTube — shared straight in

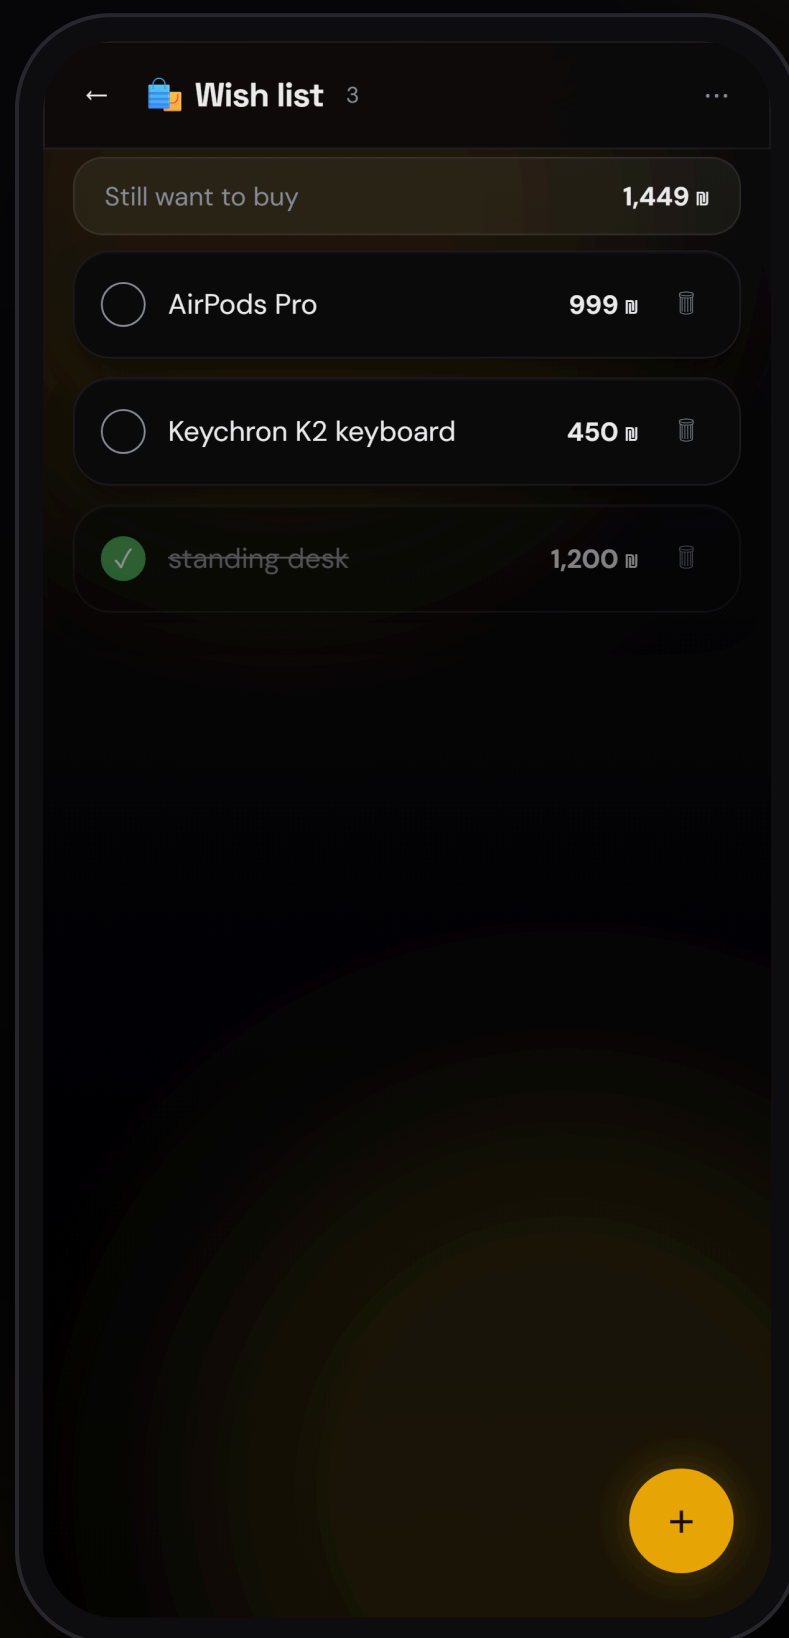

Hustle ideas

A dedicated home for money-making ideas

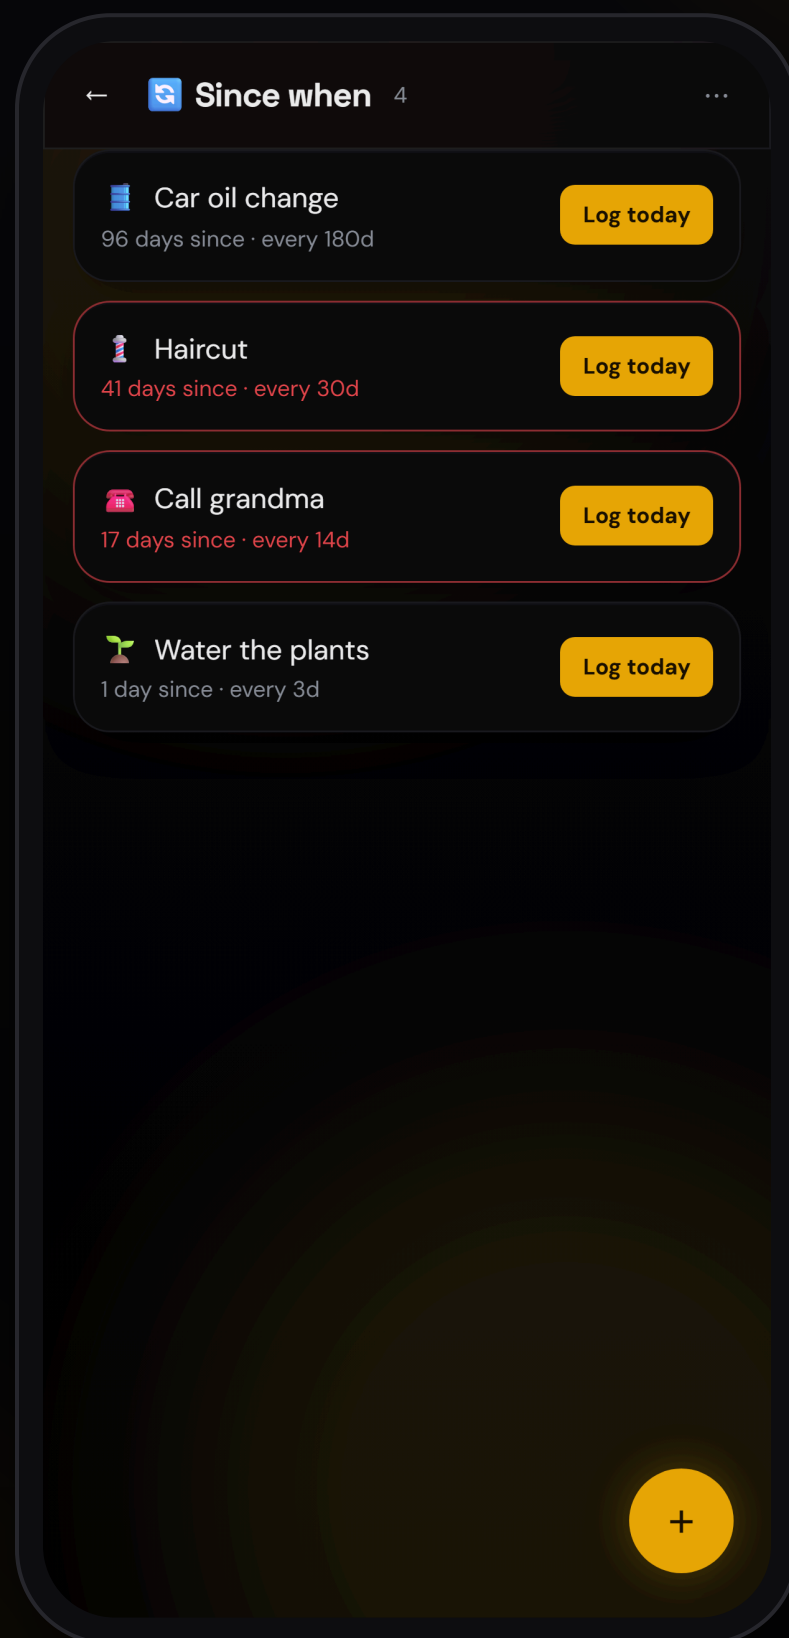

Wish list

Things to buy, with prices and a running total

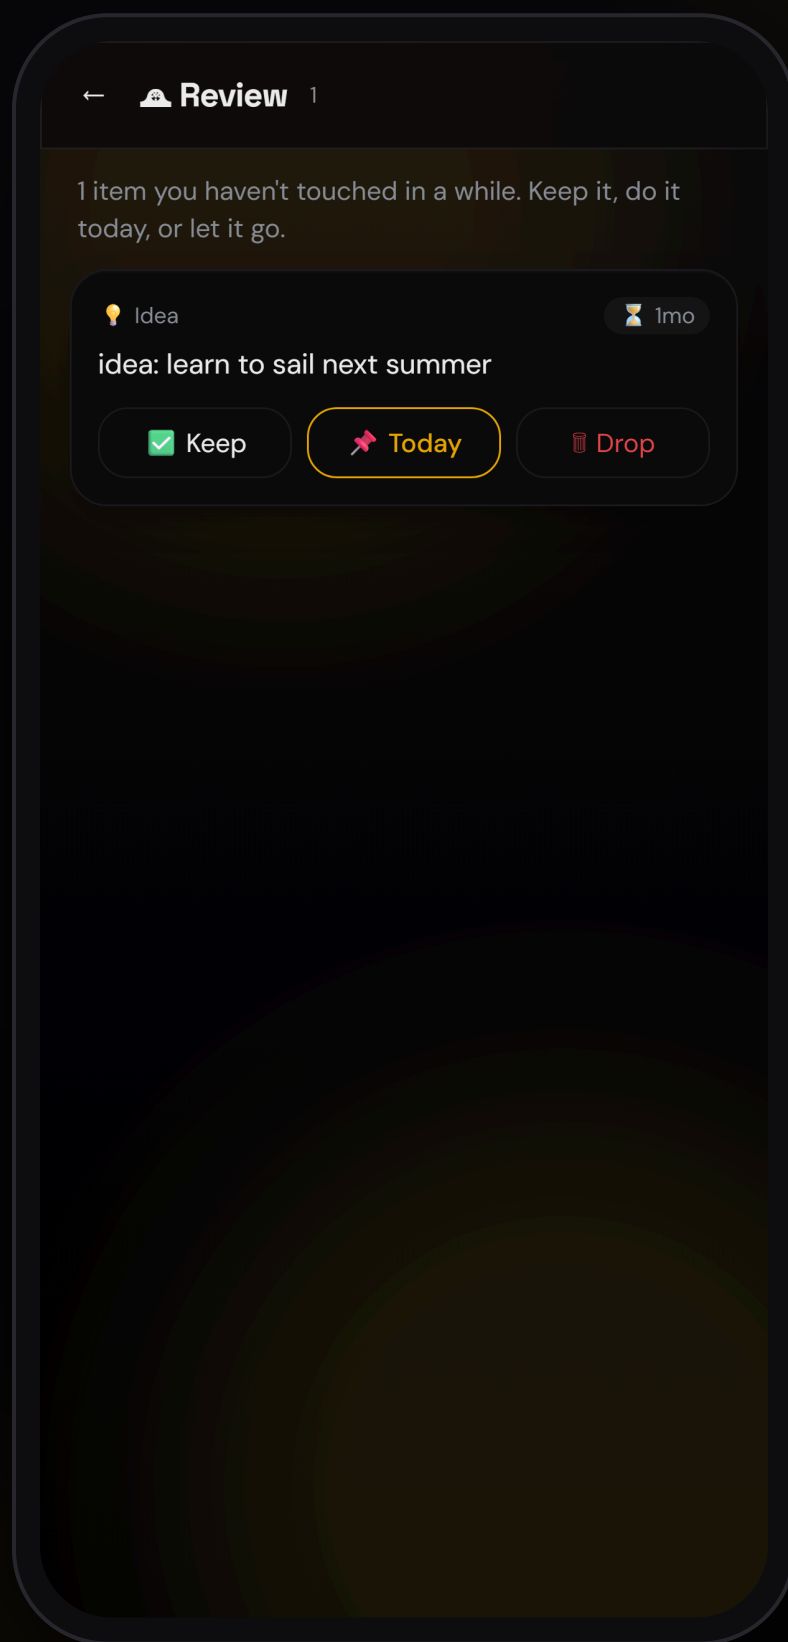

Since when?

A recurring-cycle tracker that nudges you when you're overdue

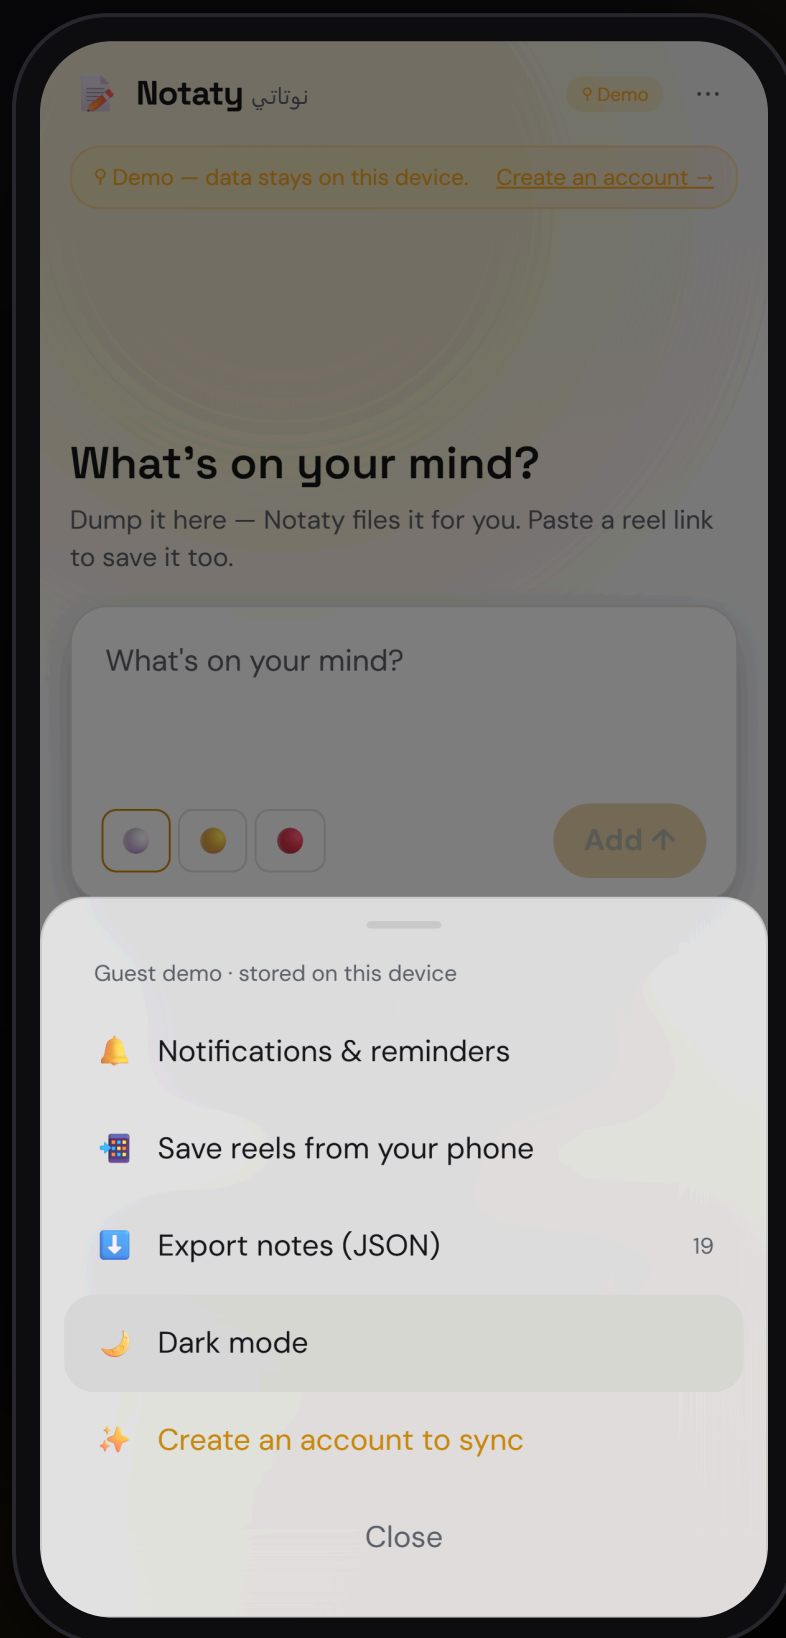

Nothing rots

Forgotten notes resurface for a quick keep / do / drop

Installable PWA

Dark & light, offline-first, real push reminders

Try it
